Dear Parents/Guardians,

It seems that since our last survey and meeting on subject choice, a number of students have changed their subject preferences. It is essential that we get accurate information in order to formulate the options bands to facilitate their choices. I am therefore giving these students another opportunity to indicate their subject preferences for next year. I will then proceed to finalise the option bands and notify all students before the end of term. The majority of students will get the subjects that they want and most of the remainder will get three of their top four.

Please complete this subject preference form carefully and return to Reception on Monday morning, May 19th. Students will be doing FOUR optional subjects from the following list. Those students that want to do French or Spanish must indicate that subject in their top four preferences.

List of optional subjects: Art, Ag Science, Biology, Business, Const Studies, DCG, Engineering, French, Geography, History, Home Ec, Music, Physics/Chemistry, Spanish

Subject Preference Form

Order of preference	Subject
Preference 1	
Preference 2	
Preference 3	
Preference 4	
Preference 5	
Preference 6	
Preference 7
